Skills

- Java
- JavaScript
- PHP
- Kotlin
- SQL
- HTML
- CSS
- React.js
- Next.js
- Bootstrap
- Tailwind CSS
- Vite
- Laravel
- Spring Boot
- Node.js

Amasha Thenuwara

Software Engineer Intern

I am a Software Engineering undergraduate with hands-on experience developing full-stack web applications using PHP, Laravel, MySQL, JavaScript, React.js, HTML, CSS, and RESTful APIs. Experienced in developing database-driven applications, implementing CRUD operations, authentication and authorization, REST API development, API integration, database management, and responsive user interfaces. Developed a Laravel-based e-commerce platform and multiple academic software projects involving backend development, database design, real-time data integration, testing, debugging, and software maintenance. Familiar with MVC architecture, Object-Oriented Programming, Git/GitHub, clean code practices, and software development best practices. Strong problem-solving mindset with a willingness to learn, work independently, and deliver project requirements within deadlines. Interested in exploring new technologies and continuously improving technical skills through practical software development experience. Able to collaborate effectively with team members, adapt to new challenges, and contribute to developing reliable and user-friendly software solutions.

Education

Higher National Diploma in Software Engineering, National Institute of Business Management (NIBM)
Present

Key Modules: Programming, OOP, Web Development, Database Management, Software Engineering

Diploma in Software Engineering, National Institute of Business Management (NIBM)
2025

Key Modules: Fundamentals of Programming, Web Basics.

Advanced Certificate in Spoken English, British Way English Academy
2023

Merit Pass

G.C.E. (A/L) Examination, Nakkawatta National School
2022

physical Science

Diploma in Information and Communication Technology, Nanasala
2019

Key Modules: Computer Fundamentals, Microsoft Office, Web Development, Internet & Email

G.C.E. (O/L) Examination, Nakkawatta National School
2019

- RESTful APIs
- Object-Oriented Programming [OOP]
- MVC / MWM Architectures
- Database Design
- Authentication & Authorization
- CRUD Operations
- REST API Development
- Responsive Design
- Kotlin
- MySQL
- MongoDB
- Firebase
- SQLite
- GitHub
- VS Code
- Intellij IDEA
- Android Studio

Languages

- Sinhala
- English

Volunteering

Robotics Workshop Volunteer / Facilitator, IT Society at NIBM
2026 - Present

Conducted a Robotics Workshop for students of Hayagiri International Buddhist College, introducing them to the fundamentals of robotics and programming. Guided students through interactive and practical activities while encouraging creativity, problem-solving, and interest in technology
